

VERMONT LAUDED IN SPEECHES BY EMINENT MEN

(Continued from page one.)

cal or physical isolation be held to account in full for the immunity which we thus far have enjoyed? Hardly. Is it a matter of luck? One can hardly believe that the laws of chance are shaping the destinies of the world. May it not be after all that this is indeed God's country, that it was brought into active being at the psychological moment for the freeing of men's consciences and minds that those who came and took possession were no mere subjects of earthly rulers, but were prophets against the tyranny of human beings; that the fathers of the republic in blazing a new way of living under a constitution which serves a hundred millions were in fact inspired; in a word, that there has been and is here in our free land, a divinity that shapes our ends? So I, for one, like to think and do believe.

"Regardless of the importance of tax reform, trust legislation, of finance of suffrage and the like, by far the most vital subject which has confronted the makers of our laws during the past dozen years has been that of immigration. The so-called practical mind the solution seemed easy. Arbitrary legislation would serve the purpose. Before the broader and as I conceive it higher vision, however, the problem loomed great and menacing. We speak of this as 'our country' and as 'God's country.' It may be regarded in full sincerity it may be, either, but it cannot be both, if by ourselves we mean those in possession at the moment. Events, trade and commerce, have solved the problem, for immigration has stopped for the present and before it starts again, the second and third generations will be so thoroughly Americanized that we may safely anticipate the passing forever of our greatest peril."

"The toastmaster reviewed at considerable length Vermont's remarkable history."

MESSAGE FROM GOV. SPAULDING.
A message of congratulations to Vermont on the 125th anniversary of its Statehood was received from Governor H. Spaulding of New Hampshire, who was unable to be present.

Governor Gates extended greetings to the members of the association and its guests and was warmly applauded.

GOVERNOR MCCALL.
Gov. Samuel W. McCall was introduced as a great governor of a great State who might have made a great president. He referred to his association in the past with Vermont's national representatives and said he had always admired the unquenchable faculty of Vermont in mounting the political band wagon. In touching upon the question of preparedness he said that we were able to satisfy our national pride and be able to extend protection to our citizens all over the globe. He closed by extending Massachusetts' congratulations to Vermont on the anniversary of the attainment of her Statehood.

President Hustis of the Boston & Maine assured the associations that the railroad he represented will gladly cooperate in making a bigger and better Vermont.

JUDGE STAFFORD.
Judge Wendell P. Stafford made the closing address, calling attention to the many reasons why Vermonters should be proud of their native State. The cry is not now Westward Ho, but Vermont for Vermonters. We will build between the Bay State and the provinces a greater Vermont, greater in the development of its resources and natural advantages.

THEODORE N. VAIL.
Theodore N. Vail also spoke briefly, saying that we must have actions not resolutions, we must accomplish the advancement not by big things but by a multitude of small things. By teaching the young people and holding up inducements to stay in Vermont and make homes and better farms the industrial development will follow.

21,600 MOVING PICTURE SHOWS IN U. S.
Daily Attendance 25,000,000—Total Investment \$2,000,000,000.

Chicago, July 12.—The nearly 2,000 delegates to the sixth annual convention of the Motion Picture Exhibitors' League of America got down to actual business to-day in the first open session. The initial session was held yesterday.

In conjunction with the convention, which is to continue for six more days, the annual moving picture exposition will open to-night at the Coliseum.

In connection with the convention some interesting figures on the extent of the industry were made public to-day. They showed the following:

Number of picture theatres in the United States, 11,000; daily attendance, 25,000,000; amount invested in picture theatre properties, \$300,000,000; salaries paid weekly, \$2,300,000; number of picture theatre employees, 205,000; amount invested in film plants, machines, electrical equipment and theatres, \$2,000,000,000.

PROGRESSIVES WILL FIND OUT WHY
Chicago Conference to Ascertain Nature of Disinclination to Hughes.

New York, July 12.—A conference of representative progressives from all parts of the country soon will be held in Chicago. It was announced here to-night by Bainbridge Colby, to consider the widespread and later review of the party committee in endorsing Charles E. Hughes, the republican nominee for the presidency. The date will be decided upon in a few days Mr. Colby said and he emphasized that the conference would be national in scope although all States might not be represented.

Mr. Colby, who nominated Theodore Roosevelt for the presidency before the national progressive convention at Chicago, said that he is in receipt of letters from every quarter of the country protesting against what he characterized as "the Perkins-Flann program." This program, he added, "does not represent the thought or feeling of the rank and file of the party."

Mr. Colby made public a letter he had received from John M. Parker of Louisiana, the Progressive party nominee for vice-president, in which Mr. Parker referred to "the star chamber proceedings of the national committee."

FIVE-EIGHTHS OF NATIONAL GUARD NOW UNDER ARMS

Report Showing Status of Department of the East—Delaware Has Smallest Quota.

New York, July 12.—Dr. Thomas Darrington, former public health commissioner of New York will leave tomorrow for the Mexican border to study the health of the regular and national guard soldiers on duty there. Dr. Darrington, who has credentials from State and Federal health authorities, is consulting sanitarian of the soldiers' welfare department of the national civil federation.

The object of the committee, as announced by the executive council of the federation, is to acquaint the public with the progress made since 1898 in the care of soldiers. Reports will be made to the war department.

Five-eighths of the 125,000 national guardsmen called by the President from the department of the East, comprising twenty-two States east of the Mississippi and the District of Columbia, were under arms to-day, according to a report sent from department headquarters. Governor's Island to the secretary of war.

Of the \$2,350 men ready for duty, 70,771 have been mustered into the service of the United States. According to today's figures 46,000 men are on the border or on their way while 24,771 remain in camp, more than twice the number of those waiting the call to depart for the Mexican frontier.

New York leads in the number of troops mustered in with 17,451. Pennsylvania is second with 12,578. Delaware has the smallest quota of any of the States in the department, while Rhode Island enjoys the unique distinction of being the only State to respond with its various units up to full war strength. The tiny New England State furnished 450 men for its quota of cavalry, a battery of artillery and an ambulance company.

SAID TO HAVE ISOLATED POLIOMYELITIS GERM
New York Physicians Confer To-day—Epidemic Slows Down.

New York, July 12.—While Health Commissioner Emerson declined to-night to discuss the report that a New York physician had succeeded in isolating the germ of infantile paralysis, great importance was attached by medical men to the meeting of physicians to-morrow night which will be devoted to a discussion of the disease which has cost more than 50 lives in this city since the epidemic began. Among the speakers will be Dr. Simon Flexner of the Rockefeller foundation, who is devoting his energies to a study of infantile paralysis. It was semi-officially admitted that scientists have progressed so far that they are testing a culture in which they believe they will find traces of the germ and ultimately isolate it.

There was a feeling of optimism in the health department to-day not only because there were fewer cases reported than yesterday, but also because no new cases were reported, and because all agencies combating the epidemic are working in complete cooperation.

It was announced that health officers of Chicago, Philadelphia, Boston, Buffalo, Albany, Syracuse, and other cities in New England and New Jersey have been asked to report any persons who go to those cities from the infected areas in New York and develop the disease there.

An analysis made by the health department of the epidemic showed that only about one per cent. of the persons affected are over 15 years of age while 50 per cent. are children less than five years old. Most of these who have died have been between the ages of one and three years.

287 DEATHS OF INFANTILE PARALYSIS
New York, July 12.—Out of a total of 1,440 cases since the epidemic developed there have been 287 deaths. It was officially announced by the department of health to-night. Should the disease spread between now and October 1, in the proportion of increases in new cases since July 1, it is said that the number of deaths would reach 1,000 while deaths at the same rate as during the past twelve days would total approximately 2,000.

TWO DIE FROM HEAT.
Albany, N. Y., July 12.—Two deaths in suburbs and several prostrations from heat were the result here to-day of the hottest July day, except one, since the inauguration of the local weather bureau and 107 at the street level during the afternoon. It was the hottest July 12 ever recorded here. In July, 1915, a temperature of 98 was officially recorded.

ORPHEUS JURY TO GET CASE SOON.
Waukegan, Ill., July 12.—Two more summing up speeches remain to be made by the attorneys in the trial of Will H. Orpheus, University of Wisconsin student, who is charged with the murder by poison of Marion Lambert, Lake Forest high school girl. The expectation now is that the case will be given to the jury on Saturday evening.

HEAT AFFECT NEW YORKERS.
New York, July 12.—One death and many prostrations from heat were reported here to-day. While the mercury in street thermometers soared at one time as high as 101, the official record of the weather bureau to-night showed an average temperature for the day of 80, which it was said was the highest recorded for the corresponding date during the past 33 years.

"JURY" TO SERVE TIME.
New York, July 12.—Dr. John Grant Lyman was taken to the federal prison at Atlanta, Ga., to-day to serve a sentence of 18 months for using the mails to defraud customers of a brokerage firm he conducted in this city under the name of John H. Putnam & Co.

Read some ads to-day—make some shopping plans to-day—carry out the plans to-day.

MAN EATING SHARK KILLS TWO MORE OFF JERSEY COAST

Fierce Fish Kills Boy and His Would-Be Rescuer—Summer Population Is in Terror.

Matawan, N. J., July 12.—Lester Stillwell, 12 years old was killed by a man eating shark while bathing in an arm of Marlton bay near here this afternoon. Stanley Fisher, 21 years old, who went to his aid, was so badly injured in a desperate struggle with the nine-foot sea monster that he died while being taken to a Long Branch hospital. Joseph Dunn, 12 years old, bathing some distance away in the same inlet was attacked by a shark and one of his legs was so lacerated it will probably have to be amputated. This is the third time within two weeks that sharks have claimed the lives of bathers along the Jersey coast.

The summer population along the New Jersey coast has become terror stricken and few persons now are venturing in the water at beach resorts. Efforts were made to-night to bar the access of the sharks to sea by stretching a wire netting across the bay at where it empties into the bay and it is probable that dynamite will be used to bring them to the surface.

COMPENSATION FOR FEDERAL EMPLOYEES
McClintock-Kern Bill Passes the House.

Washington, July 12.—The McClintock-Kern bill providing a system of workmen's compensation for federal employees, was passed by the House to-day by a vote of 285 to 2.

An amendment adopted would reduce from \$5,000 to \$4,000 salaries of the three commissioners administering the system. Former Speaker Cannon opposed the bill on the ground that it should provide for contributions by employers. Representatives Dies and Fane, democrats, also voted against it. Minority Leader Mann made a speech urging its passage.

The measure provides for compensation of all injured federal employees at the rate of two-thirds the wages lost during disability with a maximum of \$45 a month. In case of death the dependent widow would be allowed 35 per cent. of the employee's wage and 10 per cent. additional for each dependent child under 18, with a limit of two-thirds the employee's wage. An appropriation of \$500,000 is made for the system. The bill is pending in the Senate.

BLISS TREASURER OF NATIONAL COMMITTEE
Hughes Tentative Campaign Program Is Discussed at New York.

New York, July 12.—Charles E. Hughes continued here to-day the weekly conference which he has held with party leaders, discussing the campaign program. Hughes, who is chairman of the republican national committee, discussed the campaign program of Charles Thompson of Chicago and many others, the non-represented his tentative campaign program. His advisers unanimously endorsed his proposal to make a trip to the Pacific coast beginning early in August.

After a conference with Mr. Hughes, Chairman Wilcox announced that Cornelius N. Bliss has been selected as treasurer of the national committee and that George R. Sheldahl and Fred W. Tamm of Chicago would be in charge of the western end of the work, with headquarters in Chicago. Mr. Bliss is the son of the late Cornelius N. Bliss, who was treasurer of the committee during the campaign which resulted in Theodore Roosevelt's election.

Minor Thompson of Chicago invited Mr. Hughes to come to Chicago for the speech making on the proposed western trip. The invitation was taken under advisement and the indications are that it will be accepted.

Senator Penrose had a long talk with the nominee at the conclusion of which Mr. Penrose said he was going to take his "coat off and go to work." Mr. Hughes' suggestion that the national committee for July 31 will be held in this city has been received with a division of opinion by his advisers. Chairman Wilcox told the nominee to-day that he thought the ceremony would better be held at Bridgehampton and others have taken the same view. If Mr. Hughes sees Chairman Harding of the national committee here to-morrow, as he hopes, to the question probably will be definitely settled then.

ELKS "READY, WILLING AND PREPARED"
To Shield Families of Members Who Defend National Honor.

Baltimore, Md., July 12.—A resolution passed at to-day's session of the Grand Lodge of Elks put the order on record as being "ready, willing and prepared" to shield from want the families of any of its members who shall go to the front in defense of American honor.

The authority vested in the board of grand trustees to give a premium of \$25,000 to the successful author and composer of a national anthem that shall be adopted by the Congress of the United States was rescinded by another resolution which was adopted.

HOOT WEATHER IS GENERAL; RELIEF NO YET IN SIGHT

Fresno, Cal. Records 108—Only a Few Localities Register Less Than 80—Many Prostrations.

Washington, July 12.—Nearly every section of the country suffered to-day in the hottest weather of the summer and the weather bureau to-night could offer no hope of relief for several days to come.

Only a few localities, in the southwest and along the Atlantic coast reported temperatures of less than 80. The East and Middle West sweltered under a hot sun which kept the mercury at official observation stations above 90 and made street level temperatures 100 degrees or more. Many heat prostrations were reported. California, northern Nevada and southern Idaho had official temperatures of above 100. At Fresno, Cal., it was 108.

BRIGHTON MARKET.
Hogs were higher and beef cattle firm, with a good demand for all grades, at the Brighton stock yards Tuesday morning.

Arrivals for the day were 18 cars from the Boston & Maine railroad and eight cars from the Boston & Albany. Arrivals for the day at Watertown were 15 cars. During the week Brighton receipts included 15 cars of cattle and two cars of hogs from the West, nine cars of livestock from New York State, one car from the Boston & Albany and five cars from the Boston & Maine. This makes the total arrivals for the week at both terminals 72 cars.

Choice, heavy beef cattle sold up to 10 1/2 cents, and it is claimed that one pair sold as high as 11 cents. Quotations were 10 to 10 1/2 cents for tops, 9 to 9 1/2 cents for good cattle and 7 1/2 to 8 1/2 cents for light cattle.

A few fancy cows and heifers brought eight cents, but the general range for tops was 7 to 7 1/2 cents, with good cows at 6 to 6 1/2 cents, ordinary cows at 5 to 5 1/2 cents, and canners at 4 to 4 1/2 cents.

Fancy calves were higher, some lots of fancy selling this morning at 11 1/2 to 12 cents. Best bunch lots brought 10 1/2 to 11 1/2 cents, with fair lots at 9 to 10 cents, and growers and drinkers at 6 to 8 cents.

Hogs were firm and higher, with a light run here and from the West. Sales were made this morning at 10 1/2 to 10 3/4 cents, with an occasional fair lot at 10 1/2 cents. Boars sold at 4 1/2 to 5 cents.

Small lots of sheep and lambs were noted in the yards this morning, but not enough to have any appreciable effect on prices, which were nominally unchanged at 7 cents for sheep and 9 cents for lambs.

Demand for milch cows was rather quiet, but sellers were very firm in their prices, holding fancy milkers at \$9 to \$100 and upward. Good milkers are quotable at \$9 to \$15, with ordinary milkers at \$5 to \$10.

Packers report that the local kill of hogs has fallen off again, the total kill for the week being 13,500 hogs, against 15,000 for the preceding week and 20,000 for the same week last year. Since January 1, 1916, the total kill by Boston packers has been 647,500 hogs, against 645,000 for the same period in 1915.

Exports of pork products for the past two weeks have been moderate. Boston packers reporting a total value of \$60,000 for the past week, against \$50,000 for the preceding week and \$100,000 for the same week last year. Since January 1, 1916, the total exports of pork products by Boston packers have been valued at \$3,500,000, against \$3,440,000 for the same period in 1915.

Dressed hogs have been advanced in price one-half cent since the last report, the packers now quoting 12 1/2 to 13 cents, compared with 12 1/2 to 12 1/2 cents two weeks ago.

THE BURLINGTON MARKETS
Changes in the Market Lists Not Important This Week.

Wednesday, July 12, 1916.
Changes in the market this week, while many are not of particular importance, in fruits, raspberries are quoted at 25 cents a basket and watermelons at 30 to 35 cents. In the grocery line, eggs are quoted at 22 cents a dozen, the wholesale price being 27 cents a dozen. Spanish onions are to 25 cents a pound. Tomatoes are this week 15 to 20 cents a pound. New turnips are eight cents, carrots, the same, and new beets nine cents. Native broilers, in the meat line, are 45 cents. The fish market prices remain practically as last week. Very few loads of hay have been brought into the city the past week. The prices have varied from \$18 to \$23.

The following prices are quoted for the Free Press by C. A. Barber and F. E. Perkins, grocers, R. E. Howard, meat dealer, the Carpenter-Perley Fish company, the Burlington Fruit company and the A. D. Pease Food company:

WHOLESALE PRICES.
Beef, dressed, pound 16
Butter, pound 22 1/2
Eggs, dozen 22
Lard, pound 12 1/2
Pork, pound 12
Poultry, pound 12
Lamb, pound 12

RETAIL GROCERIES.
Butter, separator, creamery 36
Fresh milk, bunch 10
Canned tomatoes, 2 1/2 lb. can 10

TORRID JULY DAYS SUGGEST COOL LAKE BATHING AS A PLEASANT PASTIME WHICH IN TURN SUGGESTS—

Correct Apparel for Bathing
TO-DAY we invite inspection of our very complete assortment of everything needful for bathing.

Bathing Suits
New styles, in which black and blue enlivened with contrasting braid trimmings predominate, offer a variety from which satisfactory selection may be made.

Mohair Bathing Suits, semi-fitted style, \$2.00, \$2.50, \$3.00, \$4.50, \$5.00, \$5.75.
Mohair Bathing Suits, loose straight effect with belt, \$4.35, \$4.50.

Cotton Serge Bathing Suits, braid trimmed \$1.50
ACCESSORIES.
Black Bathing Tights 50c, 75c and \$1.00
Bathing Shoes, high or low 25c, 50c and 75 cents
Special Pure Gum Bathing Caps 25c and 50 cents

Tango Girdles
Particularly designed for athletic purposes and very highly recommended as a bathing corset, white \$2.50; pink \$3.00.

Middy Blouses
Adaptable to all kinds of vacation wear—children's, misses' and women's sizes.
White or white with blue collar and cuffs, \$1.19, \$1.50, \$1.68.
Attractive New Striped Middies, blue or rose \$1.25
Blue Twilled Middies \$1.75
Washable White Silk Middies, sizes 34 to 40 \$3.25
SPECIAL \$3.90—LINEN BLOUSES.

A collection of smart sports styles made from the popular handkerchief linen, stripes, plain colors, also white with polka dotted collar and cuffs, original values \$5.50 and \$5.75, reduced to \$3.90.

Toilet Accessories
A diversity of powders, perfumes, creams, etc.—the best toilet lotions from a number of leading chemists—offers first aid to comfort, beauty and daintiness, including:

Hudnut's Violet Sec Cold Cream, 25c tubes 50c jars
Hudnut's Toilet Water, 4 oz. size 75 cents per bottle
Hudnut's Violet Sec Rice Powder 25 cents per package
Hudnut's Bath Tablets 10 cents per package
Hudnut's Bath Salts, 6 1/2 oz. size 75 cents per bottle
Hudnut's Violet Sec Soap, guest room size 15 cents per cake
Hudnut's Talcum Powder, sprinkler top can 25 cents each
Hudnut's Face Lotin, soothing to the skin, .75 cents per bottle
Hudnut's Face Powder, natural and rose tint, 50 cents per box

Colgate's Talcum Powder, sprinkler top can, rose, violet sandalwood and other odors, also the unscented, . . . 15c per can
Colgate's Toilet Soap, complete assortment, guest room size, 10 cents per cake.

PAJAMAS GO TO-DAY.
Local Red Cross and Merchants' Association Do Quick Work.

Two hundred and fifty pairs of pajamas will be sent from New York to day direct to Camp Shafter for the men of the two Burlington companies, the Winslow company and the hospital corps, which comprises about 25 men.

Harry S. Howard, treasurer of the Vermont Chapter of the American Red Cross, communicated with the ladies of the Burlington and Chittenden county branch of the Red Cross at once, and the ladies arranged with a committee of the Merchants' association to buy and order the garments directly through a New York firm. Arrangements with the latter were made through the kindness of Silas S. Richards, secretary and general manager of the R. Turk & Brother company. The ladies will send no more garments at present, but later will supply any needs of men of the three companies or hospital corps.

For the information of the mothers of boys at the front, who have made inquiries, it should be said that the pajamas ought to be made of white cotton. Wool is too warm. For the sick in the hospitals, however, outing flannel is the material prescribed by the Red Cross. The garments should be addressed to the proper company and regiment at Camp Shafter, Eagle Pass, Texas.

Mr. Howard has heard from Springfield, Northfield, Winslow and St. Johnsbury in a substantial way, and Hollows Falls has also replied by letter. Newport and St. Albans are expected to write very soon. A branch of the Red Cross or a committee of a business association in each of these towns is at work.

The matter of the goggles has been practically cleared up, although not all of the towns written to have responded.

The woman who knows the full usefulness to her of the store ads, has mastered "the economics of home management."

RETAIL MEATS.
Bacon, pound 25
Beef, round, pound 15
Chicken, pound 15
Ducks, pound 20
Hamburg, pound 15
Hams, sliced, pound 15
